

REVIEW: Don is the best! The 1st DAY we came to inquire about buying a home, we were unsure if things would work out in our favor. But thankfully we were able to work with him and now able to enjoy our new home with our kids for years to come! I just can't say enough about Don all around he is a good person. Returning phone calls. Keeping us informed and walking us through this process we couldn't thank-you enough Don!!
